

11 January 2022

Dear families and students

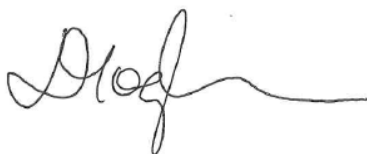

I hope that you have had a restful break and are looking forward to the 2022 school year. The Graduating Class of 2022 have many events and celebrations to look forward to, such as the Year 12 College Ball, and we are working hard to ensure that all experiences are memorable, together with all students having an opportunity to meet the Government requirements for *Proof of Vaccination* at certain events, venues and complexes.

Mercy College is working closely with Joondalup Resort to ensure all students have the opportunity to be double vaccinated and therefore be eligible to attend the College Ball at this venue. As such, the decision has been made to postpone the Year 12 College Ball until a later date in Term One (to be confirmed).

I understand that many students and families will be disappointed by this decision, however, the health, safety and wellbeing of our community continues to be our first priority. Please email Mrs Stacey Ward, Head of Year 12 on stacey.ward@cewa.edu.au if you require additional support or clarity regarding this decision.

I look forward to welcoming the students back to school on Monday 31 January.

With best wishes

Lisa Fogliani
